

## HER THIRD TRIP IN TROUBLED SEA

Mrs. Anna Rutherford Married  
to W. K. Vanderbilt.

### FORMER HUSBANDS ARE DEAD

WEDDING TOOK PLACE IN ST.  
MARK'S CHURCH, LONDON.

London, April 25.—William K. Vanderbilt and Mrs. Anna Rutherford were married today at St. Mark's church, North Audley street. The officiating clergyman was Rev. R. H. Hadden.

The wedding took place just before noon. Winfield Hoyt of New York was the best man, and Henry White gave away the bride. The only other persons in the church beside the verger were the Duke and Duchess of Marlborough.

Mrs. Rutherford wore a simple gray traveling dress and no jewels of any kind. Mr. Vanderbilt, Mr. White and the Duke of Marlborough wore the usual frock coats.

There was no wedding breakfast or reception. Immediately after the ceremony the couple started for the country. Their destination was not revealed, but it is known that they will remain in the country for some weeks before going to any city.

It seems that Mr. Vanderbilt personally secured the license and managed the whole affair himself.

Three weeks ago he established a residence in London, and last Wednesday he personally applied for and secured a license from the bishop of London while the reporters were all watching the archbishop of Canterbury's office.

The bishop of London's jurisdiction applies to the diocese of London only, while that of the archbishop of Canterbury applies to the whole of England.

Mr. and Mrs. White are staying at Mrs. Rutherford's flat in Paris. Mrs. White would have accompanied Mrs. Rutherford to London and have been present at the wedding, but Mrs. Rutherford asked her to stay with her children.

The license sets forth all the details of the Vanderbilt divorce and the previous marriage of both parties.

It is understood that the couple are not going to America for some time.

A telegram from Dover says Mr. and Mrs. Vanderbilt crossed the channel this afternoon on a boat bound for Calais.

There was a pathetic incident in connection with the wedding. Almost immediately after the ceremony the Rev. Mr. Hadden officiated at the funeral service of one of his own young children.

The bride was the recipient of many handsome presents from Mr. Vanderbilt and others.

It appears that Chancellor Tristram of the bishop of London's court held a special court Wednesday and took the personal testimony of Mr. Vanderbilt, whose counsel also submitted documentary proofs of the divorce proceedings at New York and of the fact that the prohibition against his remarriage had been removed by the supreme court of New York. The license was subsequently granted.

### STILL A MATTER OF DOUBT.

Colombian Congress Will Not Vote  
on Canal Treaty For Some Time.

Washington, April 25.—William Nelson Cromwell, the Panama company's attorney, called at the state department today to talk with Secretary Hay about the status of the canal treaty and the prospects of early action upon it by the Colombian congress. It is learned that the congressional elections are over, but no date has been set for the special session to consider the treaty. Much difficulty has been experienced in coming to an understanding on this point, as President Marroquin is in fact bound, on account of the strength of the opposition, to await the psychological moment to assemble the members and insure favorable action.

It is consequently possible that the president will abandon entirely his intention of calling an extra session and conclude to let the treaty take its chance at the regular session, which convenes by the terms of the constitution in July.

### SAFE BLOWN OPEN.

St. Louis, April 25.—Three men blew the safe in the postoffice at Ferguson, Mo., a suburb of St. Louis, at 2:30 o'clock this morning and secured \$20 in cash and \$18 in stamps, and escaped after a running battle with citizens, led by Mayor Reed, in which many shots were exchanged, but no one was injured. The explosion was of terrific force, awakening nearly every resident of the village and completely wrecking the interior of the postoffice and seriously damaging the walls of the three-story building.

### NO NEW DEVELOPMENTS.

Butte, April 25.—There are no developments in the Western Union strike. The Silver Bow Trades and Labor assembly at its regular meeting tonight, will appoint a committee of mediation between the company and the striking messengers. But little is expected of this, as the company has refused before to confer with the labor people. The Business Men's association is expected to take action this evening.

### CARNEGIE'S GIFT.

Washington, April 25.—Before sailing for Scotland yesterday, Andrew Carnegie donated \$50,000 for a temple of peace, for the permanent court of arbitration at The Hague. The gift was made through Baron Gevers, the minister of the Netherlands, and was made with the understanding that Holland will be responsible for its administration.

### CHASE'S GUARDIAN.

Cincinnati, O., April 25.—Judge Nippert today appointed George Howley as guardian of the person and estate of Moses Fowler Chase. A similar case for the appointment of his father had been previously set for Lafayette next Monday.

### RAPID WORK.

Lexington, Ky., April 25.—The Louisville & Nashville train to Marysville was held ten minutes here while Louis Lumsford, a passenger, who got into a fight on the train, was arrested, taken to a station house, tried, fined, paid the fine and was allowed to leave for home.

### GEORGE WASHINGTON'S QUEUE.

It Had a Luxuriant Suit of Straight and Very Dark Hair.

The Father of his Country concealed a luxuriant suit of hair beneath his queue wig. Many now wish the old fashion were in vogue, to conceal thinned hair or baldness. Yet no one need have thin hair nor be bald, if he cure the dandruff that causes both. Dandruff can not be cured by scouring the scalp, because it is a germ disease, and the germ has to be killed. Newbro's Herpicide kills the dandruff germ, and so cures the preparation will "destroy the cause, you remove the effect." There's no cure for dandruff but to kill the germ. Send for Herpicide drugists. Send for it in stamps for sample to The Herpicide Co., Detroit, Mich.

## CIVIL WAR ROMANCE

Lieutenant Colonel Long Mourned  
as Dead Turns Up in  
California.

San Jose, Cal., April 25.—A romantic story has been developed and a thirty years' mystery made clear by means of a letter received by the San Jose Mercury from Frank G. Martin, a member of the editorial staff of the Philadelphia Public Ledger, who wrote, making inquiries regarding his father, who, in 1872, was a prosperous farmer and in February of that year went to Baltimore with a large consignment of stock which he disposed of, after which all trace of his was lost. It was believed that he had been murdered and after seven years his considerable estate was probated and distributed to his heirs. Some years ago his supposed widow was granted a pension, the missing man having served as a soldier in the civil war, at the time of his discharge being a lieutenant colonel of the Seventy-third Ohio volunteers.

A few weeks ago Mrs. Martin learned that John F. Martin had applied for a pension from San Jose, Cal., which led the son to the Mercury to investigate the case.

Martin was found without difficulty, as he had resided here since last June. He readily admitted his identity and defended his course in abandoning his wife and four young children by the statement that there was an insufferable difference of temperament between himself and his wife. He said he would write to his son.

### MAD MULLAH DEFEATED.

British Retrieve the Disaster to  
Colonel Plunkett's Force.

Aden, Arabia, April 25.—Lieutenant General Manning after an engagement with the Mad Mullah's force, has relieved Colonel Cobbe near Gumburru, Somaliland, forty-five miles westward of Galadi. About 2,000 of the Mullah's men were killed. The British loss is not known.

The few details obtainable of the disaster to Colonel Plunkett's detachment, April 17, show the Mullah's forces consisted of 2,000 horsemen and 10,000 spearmen. They surrounded Colonel Plunkett's force in the open and the Somalis, after a heavy rifle fire, charged repeatedly with their horsemen and spearmen on all sides. The British detachment held out until its ammunition was exhausted and then charged with the bayonet, but it was ultimately overwhelmed by weight of numbers. The British force fought until all of its officers and 170 men were killed. Most of the handful of men who reached the camp were wounded. The Somalis' losses are reported to have been enormous.

The Mullah's forces are reported to aggregate from 3,000 to 4,000 mounted men and about 8,000 spearmen.

## LAUNCHED IN GREAT STYLE

Armored Cruiser Colorado Slid  
Down the Ways.

### BUILT BY CRAMP BROTHERS

MISS CORA PEABODY BROKE  
THE BOTTLE OF WINE.

Philadelphia, April 25.—The armored cruiser Colorado was launched today at Cramp's shipyard in the presence of a distinguished gathering of officials from Washington and the state of Colorado, including its entire congressional delegation. Miss Cora May Peabody, daughter of Governor Peabody of Colorado, broke the bottle of wine on the prow of the cruiser as she glided down the ways at 12:35, and into the Delaware river. Miss Peabody was escorted to the christening stand by Charles H. Cramp, president of the Cramp Ship-Building company, and the fair sponsor was followed by her father, Governor Peabody, Mrs. Peabody, James C. and Miss Jessie Peabody. The Washington party included Assistant Secretary Darling and Mrs. Darling, Admiral and Mrs. Bowley, Admiral and Mrs. Bradford, Admirals O'Neill, McVitie, and Endicott and Mr. Crowles, Commanders Southland and Schroeder, Chekun Bey, the Turkish minister, and his two sons, Senor Blasco of the Spanish legation, Captain Bontekoff of the Russian legation and Commander Takahira of the Japanese legation, and Representative Miner of Wisconsin.

The cruiser Colorado is of a new class, vessels, added to the American navy. She is an armored cruiser of the first class, yet she bears the name of a state, an honor formerly only accorded battleships. Coupled with tremendous bat-

tery power she has the speed of an ocean liner.

The vessel is 502 feet long, fifty-nine feet six inches wide, with a draught of twenty-four feet six inches. Her speed requirement calls for twenty-two knots an hour for four consecutive hours. She is fitted with twin screws, twin triple expansion engines, which must develop 23,000 indicated horse power.

All of the armor is of the most improved Krupp type.

The fighting force of the Colorado is centered principally in two batteries. She will carry a main battery of four up-to-date 8-inch and fourteen 6-inch rapid fire rifles; a secondary battery of eighteen four-pounders and twelve three-pounders and a supplemental force of eight one-pounders, two 1.5-inch machine guns and six automatic guns for service on the bridges and in the tops. The eight-inch guns are designed to fire once every fifty seconds and the six-inch guns are expected to fire three times a minute.

The contract price of the Colorado was \$2,750,000.

BEAUTY AND STRENGTH

are desirable. You are strong and vigorous when your blood is pure. Many—nay, most—women fail to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion depart. Remedy this unpleasant evil by eating nourishing food and taking a small dose of Herbine after each meal to digest what you have eaten. 50c at Z. C. M. I. Drug Dept.
